Dr. Sanjay Agrawal

30-11-2016

Dear Dr. Sanjay Agrawal,

You are invited to identify plenty of new license and distribution opportunities at our 23rd PharmaVenue partnering meeting held in Barcelona on May 22-23, 2017.

Participants look for licensing-in and distribution opportunities to expand their existing product portfolio as well as for licensees and distributors that can market their own products. The main areas of activities are focused on:

- Healthcare (OTC) products and nutraceuticals
- Branded prescription products
- Medical devices
- Patented innovations
- Generics

Benefit from a highly reduced fee of 979 EUR, equivalent to 420 EUR savings, which will be applied to all registrations received until December 22. Additional participants may benefit from an additional 30% discount.

The registration fee includes:

- Pre-event networking
- Pre-scheduled one-on-one meetings
- Customized PDF conference pack
- Permanent coffee breaks
- Buffet lunches and networking dinner

How does the matchmaking process work?

- Screen potential partners and licensing opportunities by having access to detailed information on key projects several weeks prior to the event.
- Several interactive networking tools will effectively assist you in the matchmaking process.
- Easily submit your meeting requests and review those of other participants several days prior to the event.

- Access to your individual meeting schedule several days prior to the event will enable you to make final adjustments.
- Have up to 30 productive business meetings with matching interests in only two days.
- Request additional informal meetings during the event with help of our event coordinators or through our real-time company locator.

Please do not hesitate to contact us if you have any questions.

Best regards,

Isabel M. Bravo
