Dr. Sanjay Agrawal to address global conference on digital health

Our Bureau, Mumbai

Saturday, January 27, 2024, 16:30 Hrs [IST]

The 7th International Conference on Digital Health which is being held from May 9 to 10, 2024 in Barcelona, Spain, has extended a special invitation to Dr. Sanjay Agrawal, Ahmedabad -based pharmaceutical consultant and inventor, as a keynote speaker to share his views on the theme "Exploring the new trends and Horizons of Digital Health."

The conference explores the most recent developments, discoveries, and breakthroughs in the field of digital health. Professionals from all over the globe exchange ideas, promote cooperation, and influence the course of healthcare at this gathering.

With keynote speakers, panel discussions, and workshops covering the newest developments in healthcare technology, the 7th International Conference on Digital Health promises to be an immersive experience.
